Dear Students and Parents,

It is with great anticipation that we enter the 2009-2010 school year here at Sumter Academy. The staff and I are prepared to make this year a very enjoyable one. As in the past our main emphasis will be on the students. Expectations and standards will be high. We know that each student is up to this challenge. As your Headmaster, I promise to provide you with sound and positive leadership. Each of us must do our part to ensure success. We ask that students strive to do their best spiritually, academically, and socially. That each demonstrates proper behavior and cooperation. We also ask that students exhibit school spirit in a safe and positive manner. Thank you for your cooperation.

Good luck this year,

ACADEMIC POLICY

1. Admission Policy

In order to be enrolled at Sumter Academy as a student, a child must meet all local and state health requirements, as well as any other requirements set by Sumter School Foundation, Inc.

- Each Applicant must be interviewed by a member of the Sumter School Foundation, Inc., and at such interview a parent must be present and must likewise be interviewed.
- The faculty/staff member(s) interviewing the applicant may, at their discretion, apply testing as necessary to enable them to make a recommendation on the applicant.
- This recommendation will be forwarded to the Academic Admissions Council for their review.
- Any student with known disabilities such as: (Severe Learning Disabilities – Mental Retardation – Emotional Conflicts – Severe Behavioral Problems – Physical Disabilities) would be viewed on an individual basis, with previous records and testing carefully studied before allowing his or her admission into Sumter Academy. Sumter Academy will make reasonable accommodations for students with disabilities. It is imperative to the academic well being of all the academy's students that any new students be able to function in the total school program.
- Any student who has been expelled or removed from another school will not be admitted into the academy.
- Students transferring from schools accredited by the Alabama Independent Schools Association and Southeastern Colleges and Schools (or other regional accrediting body recognizes by SACS), will have their credits excepted where applicable. Students entering from non-accredited institutions will have credits that must be audited in order to verify satisfactory completion of the course.
- Present students applying for readmission must have satisfactorily completed all school work from the previous school year or must be making satisfactory progress at their grade levels in the opinion of the administration and faculty. The student must have demonstrated personal traits that are conducive to the total school program.
- Each applicant must be approved by the Board of Directors of the Sumter School Foundation.

ENROLLMENT PROCEDURE

- Completion of Application.
 - * Supply copies of prospective student's transcripts and discipline records.
 - * Copy of birth certificate, social security card, and immunization information.
- Interview with faculty/staff member(s), prospective student, and parent(s).
- Review of student interview and academic records by Academic Admissions Council.
 - * Testing for grade placement and credit auditing, if necessary. (Professional testing services at parent expense may be required).
- Review of Student interview and academic records by Sumter Academy Board of Directors.

Kindergarten and First Grade Admissions Policy

In addition to the standard admissions requirements and procedures, the following requirements and procedures will apply to students entering K-4, K-5, and First grade.

- In order to attend K-4 a child must be four years* old prior to September 1st.
- In order to attend K-5 a child must be five years old prior to September 1st. A child that is admitted after Christmas must have been in a readiness program prior to entry or must be able to perform comparably with Sumter Academy pupils at the time of entry.
- In order to enroll and attend the First grade students must be 6 years old prior to September 1st.
- Sumter Academy students entering the First grade must have scored at least 75% on the First grade readiness test in reading and math.
- Any student not attending a Preschool or Kindergarten program must complete a readiness test with 75% accuracy in order to be admitted in K-5 or First grade. Progress reports from previous preschool or kindergarten teachers are required as part of the admissions process, and must contain positive recommendations.
- Admission to K-5 or First grade is **CONDITIONAL** and is based on satisfactory performance/completion of the grade requirements. Any child whose performance is questionable and is allowed to enter K-5 to First grade, would do so only with the understanding that he/she might have to repeat the grade if passing requirements are not met.

* K-4 will accept a limited number of three year old students into the K-4 program provided the child turns four years old by December 1st of the school year in which the child attends. It will be understood that acceptance of a student that is three years of age will require the student to repeat K-4 for a second year. No student accepted early will be eligible for K-5 until they meet the age requirements above for entering the program. Four year old students will be accepted into the K-4 program over any three year old regardless of registration date.

II. Grading System

Number grades are used on report cards. They represent the following letter grades as recommended by AISA.

Conduct grades on report cards are to be interpreted as follows.

- A—Excellent.
- B—Very Good.
- C—Average.
- D—Below Average.
- F—Unacceptable.

III. Correspondence Courses

Credit will not be given for correspondence courses except under unusual circumstances such as a long illness, or to allow a student to graduate with his class. Senior correspondence courses or courses needed for graduation must be completed by the last Friday in April. In other words, if courses needed for graduation are not completed and grades received by Sumter Academy by this date, seniors needing the courses for graduation will **NOT** graduate in May of that current year. There will be no exceptions to this rule.

IV. Tutors

No credit may be earned through the use of a tutor.

V. The University of West Alabama Courses

Courses at UWA may be taken for Sumter Academy and/or UWA credit. All course work taken at UWA for Sumter Academy credit must receive Counselor and Headmaster approval in advance. Grade level status requirements may apply.

VI. Honor Roll and Report Cards

- A. The Honor Roll will be published at the end of each nine weeks. The A Honor Roll contains the names of students carrying a normal load of four academic subjects or more and having all A's. The B Honor Roll consists of students carrying a normal load of four academic subjects or more and having grades of all A's and B's. Academic subjects as well as minor subjects are included. A student with an I or an U will not be placed on the Honor Roll. A student with a grade below a B in conduct will not be placed on the Honor Roll.
- B. Semester Honor Roll
 - A Honor Roll - Semester averages in each subject must be 90 or above.
No grade in conduct or effort below B during the semester.
 - A-B Honor Roll - Semester averages in each subject must be 80 or above.
No grade in conduct or effort below B during the semester.

Report cards will go out at approximately nine-week intervals. These must be signed by the parent or guardian and returned to the students homeroom teacher. These cards will be due within 48 hours after they are issued. Anyone not returning the report card will be required to purchase a new one at a cost of \$3.00.

VII. Selection of Valedictorian and Salutatorian

A student must be in attendance at Sumter Academy for two full school years to be considered for these honors. Students who have met the requirements for the Advanced Academic or Advanced Honors Diplomas will be considered for selection of Valedictorian or Salutatorian:

- A. The two students who have the highest numerical averages in the Advanced Academic or Advanced Honors course of study will be selected.
- B. In the event of a tie the student with the highest ranking diploma will receive the honor.
- C. For averaging purposes all figuring done will be carried to the hundredths place.
- D. Valedictorian and Salutatorian status will be determined at the end of the 3rd nine weeks of the senior year.
- E. Courses not counted in figuring rank are Library Aide, Office Aide, P.E. Assistant, and Teacher Aide.

VIII. Promotion Requirements

- A. Elementary (1-5)
The Sumter Academy curriculum guide will be used to determine skills to be mastered at each grade level
To be promoted a child must:
 1. Have passing grades in Reading, Language, and Math on grade level.
 2. Score at the following levels on the Standardized Achievement Test in Total Reading, Total Language, and Total Math: Grade 2- 2.0+ Grade 5- 5.0+
 3. Have an average of 60 or above on the following subject-area tests:
 - a. Reading - Macmillan Reading Skills Test
 - b. Language - Teacher-made tests for nine weeks, midterm, and end of year.
 - c. Math - Beta Tests for each concept.
 4. Students who show a great discrepancy in achievement tests and content test will be viewed individually.
 5. Students who fail to meet the above requirements will not be promoted to the next grade.

6. If a child is not able to perform on grade level, parents will be notified immediately. An asterick will appear on the report card by each subject where work is below grade level. Conferences will be held throughout the year to advise parents of their children's progress and to suggest tutoring or testing. Students not completing the year on grade level will not be promoted.
7. Students who have been professionally tested and have identified learning disabilities will be handled on an individual basis according to the professional prescription for each individual situation.
8. Parent-Teacher conferences will be held with both parents in the Winter and Spring to alert parents that retention is being considered. A report of each meeting will be signed by the parents and the teacher and placed in the child's cumulative record.
9. In order to receive Perfect Attendance, an Elementary student must be in school all day from 7:50 to 2:50. Students leaving for any reason or coming in late will receive a tardy or early dismissal and will not be considered for perfect attendance.

B. Secondary

1. Grades 6-8: A student who does not pass three major subjects for the year will not be promoted unless there are unusual circumstances.
2. Grades 9-12: Credits are awarded on a semester basis, and each course of each semester is graded individually. Homeroom assignments are irrelevant for grades 9-12.

IX. Courses of Study

Sumter Academy offers three diploma tracks: standard diploma, academic diploma, and academic honors diploma. The course of study used for the academic and academic honors diploma is designed to prepare students for college and many technical careers. The standard diploma course of study is designed for students planning to attend trade or business schools, or plan to go to work immediately upon graduation. Students will be required to choose one of three diploma tracts upon entering the Ninth grade. Because of the nature of the curriculum requirements, it is recommended that a student take the academic or academic honors course of study unless he or she is very sure of not attending college or striving for a career in a very technical field (such as laboratory technician, computer repair, nursing, electronics) It is much easier to transfer from the academic and academic honors course to the standard diploma course of study than vice-versa.

X. Special Note - Regarding Schedules

All students are required to take five traditional classes each semester. This total does not include Physical Education or variations of teacher aids. Students are allowed to take only one aide class per year as an elective (with Headmaster approval) The Headmaster may allow a student to take aid classes in extenuating circumstances.

These should be scheduled during teacher's planning periods or after school hours. Conferences should be scheduled at least one day ahead of time.

XVIII. Schedule Changes

Students in the Ninth grade will be able to receive a schedule change without penalty during the first semester any time during the period between the first day of school and two days following the day the first report card is issued. Students in grade ten, eleven and twelve may receive a schedule change without penalty only during the first week of school. Any schedule changes made for the second semester must be made during the first two weeks of the second semester if a penalty is to be avoided.

Any student dropping a course after the above-stated times will receive an F for the course for the semester, recorded on his permanent record. That course will count as a course taken the entire semester.

A Ninth grade student changing from Algebra I to Basic Algebra I will carry his Algebra grades to Basic Algebra I to be averaged with his subsequent work in Basic Algebra I. The same rule is to be followed with other schedule changes made during the time permitted above. All schedule changes must be approved by the student's parents in writing.

XIX. Established Guidelines for Independent Study and Correspondence Work

Students may take correspondence courses the University of Alabama, the University of Missouri, and any other accredited correspondence school recommended by the Headmaster and approved by the Academic Committee of the Board of Directors.

Independent study courses may be taken from members of the Sumter Academy faculty only, and such courses must meet the following criteria: a) the teacher offering the course must be certified to teach that course, b) the complete package of requirements must be approved before any student begins work on the course, c) the course must be so designed as to insure that the student will meet the same requirements as students taking the courses in a normal manner, d) the Headmaster must preview the course requirements, compare them to the Sumter Academy Curriculum Guide and the normal expectations of our regular classes, and certify in writing to the Academic Committee that this course meets the above requirements and that he has approved the course, e) the Headmaster is to monitor the course to see that it is conducted as written and approved.

Courses taught at the University of West Alabama may be accepted for credit only if they are approved in advance and are needed by the student because of scheduling limitations or because the student is on the three-year graduation program. Students will be allowed to take correspondence or independent-study courses at The University of West Alabama during the school year only if: a) the course is not available for them at the Academy (or cannot be scheduled), b) written permission is obtained from the Headmaster in advance, c) the student does not exceed the limitation of six courses per semester as set by the AISA.

Correspondence courses (1) begun after the beginning of the second semester and before the end of the second semester must be completed before the opening of school the next year, or (2) begun after the beginning of the first semester and before the end of the first semester must be completed by the end of that school year.

This policy is written in an effort to provide uniformity, quality, and consistency in our use of outside courses at Sumter Academy. It is the intention of this policy to insure that even students taking Summer work for courses failed must meet the same standards as those in the regular classroom.

XX. Tutor

Sumter Academy shall not be responsible for securing tutors for students. The student shall not miss another class to receive tutoring. If time does allow for the use of a tutor this shall be allowed.

ATTENDANCE POLICIES

I. Attendance

Being punctual and prompt is a matter of habit. Students should cultivate a habit of being at school on time. High School (6-12) will receive a demerit for each tardy to school or class.

- A. Subject to approval, absences for all or part of the school day (other than illness) should be arranged in advance by a note from a parent sent to the Headmaster two days prior to the day of absence. After being approved, this note will be taken to all the student's teachers for signatures, and the note must be returned to the office. The letter must include the reason for leaving, destination, time of departure, and be signed by the parent. Failure to comply will result in an unexcused absence.
- B. Permission to leave school, for any reason, without a note from a parent, must be secured from the Headmaster.
- C. After 10 absences in any semester, a mandatory parental conference with the Headmaster will be held. After 7 absences in any one semester a letter will be sent home.
- D. If a student has more than 20 absences (class periods will be counted individually) during the school year, 10 absences during a semester, excluding extended illness, he/she will be required to make up these hours before receiving credit for the course work. Attendance will be required from 8:00 a.m. to 3:00 p.m. during the week of exams. If there are remaining hours, this will be at the discretion of the Headmaster.
- E. A student who is absent more than 20 days (10 days in a one semester course), excluding extended illness will not be allowed to exempt exams. The Headmaster is the only person who can certify a student for extended absences.
- F. A student that is absent from school will not be allowed to participate in any extra curricular event that day. If a student checks in they must be signed in a 11:30 a.m. Students who are leaving early for a school related activity must be present for one half of the available school day.
- G. Spot checks will be made on absences by telephone or visitation.
- H. Please listen to area radio and television stations at 7:00 a.m. any morning on which you have doubts that school will be open or closed.

Students arriving after Break and before 11:30 are considered absent for one half day rather than tardy.

II. Make-up Work

- A. A student who has an excused absence has the privilege of making up such an absence to the satisfaction of the individual teacher. The student will have an equal number of days to make up assignments based on number of days absent.
- B. If a student does not make up an excused absence to the teacher's satisfaction, he will receive a scholastic penalty of zero for that work. One day's grace will be allowed for each day of excused absence. Arrangements must be made to complete assignments with teachers when the student returns to school.
- C. Tests or long-term assignments that have been previously announced or made and that fall due during the excused absence shall be taken or submitted on the day of return to school. An excused absence in this case is for medical illness or emergency reasons.

- D. Students who leave school before the regular dismissal time shall, prior to leaving school, take any previously announced tests. Arrangements shall be made with the appropriate teacher. For example, athletes leaving school for a game at the end of period six shall take a previously announced period-seven-due test before leaving that day. Class work/assignments previously announced shall be handled in the same manner. For example, a period-seven-due assignment shall be submitted to the teacher before the student checks out from school early.

III. Tardiness

- A. A pupil is tardy to school if he/she reports to homeroom after the 7:50 A.M. bell rings.
- B. Pupils must be in their classrooms at the end of passing time or be counted tardy.
- C. Pupils who are tardy will be admitted to class or homeroom only with a tardy slip secured at the office.
- D. Excessive tardiness and attendance problems will lead to an administrative review of a student's continuing enrollment at Sumter Academy.
- E. Sumter Academy follows its policy on tardiness as stated below:

All tardies are considered unexcused. Lateness for medical appointments is not counted as a tardy. All absences and tardies for medical reasons require written excuses from the Doctor or Dentist.

IV. Withdrawals

Students who withdraw for any reason should notify the office and the homeroom teacher immediately. In case of transfer to another school, students should pick up their report cards, or they will be mailed. Withdrawal forms are to be filled out by the parents or guardians.

V. Checkout from School Before Normal School Day Is Over

No student will be allowed to check out during the school day unless his or her parent or guardian, or other responsible individual as named by parent or guardian, comes to school and checks him or her out. The only exceptions are for dental or doctor appointments, in which case a pupil who drives will be allowed to do so. If the responsible individual picks up the pupil, he must fill out a special checkout form in the office. The parent or guardian must let the office know who the responsible individual is who will pick up the pupil. The Headmaster must be informed in cases of all specially named individuals other than parent or guardian who pick up pupils. Pupils who have employment and who have followed the established policies for going to work are also allowed to leave at approved work times.

VI. Students leaving campus without permission will receive a three-day suspension.

Conduct and Discipline

I. Discipline

At Sumter Academy, discipline will be administered fairly, taking into account all circumstances surrounding a situation. Nothing can be accomplished without discipline. If you are causing a problem in the classroom, you are not learning nor are your classmates.

A student may be disciplined by any member of the Sumter Academy faculty or staff at any time. Students are considered to be students at Sumter Academy any time they are on campus or at a school function on or off campus (this includes travel time to and from the activities).

No handbook can cover all situations that may arise during a given school year. When this occurs, the punishment will be at the discretion of the Headmaster, and if necessary the Board of Directors.

If changes or additions are necessary during the school year, each student will be given this information in writing.

GRADES K-5

Elementary years should prepare young students for Junior and Senior High School. During these years, students will be encouraged positive reinforcement in a creative environment. When discipline is needed, teachers will handle routine problems on an individual basis. For any serious offense, the teacher will hold a conference with the student's parent(s) or seek counsel from the Elementary Principal or Headmaster.

MIDDLE SCHOOL AND HIGH SCHOOL DETENTION HALL (6-12)

Detention Hall will be used as a disciplinary measure when a student reaches five demerits in a nine week period or commits an offense which merits Detention Hall, either as listed below or deemed necessary by the Headmaster. When a student receives a Detention Hall slip they will report to the Headmaster's office at 7:15 a.m. on the Thursday it is assigned. Students who are late will not be allowed to stay. Students who are absent without an excuse will have an additional Detention Hall.

The AISA Athletic Committee and the AISA State Board will take a very firm and rigid stand in matters of this concern and will levy harsh sanctions on those involved.

Any fan guilty of unsportsmanlike involvement with the players, coaches, officials and/or other fans before, during, or after any AISA interscholastic event may be fined \$500 and the school(s) represented by the involved may be placed on a minimum of one (1) year probation.

The AISA disallows the use of the following artificial noise makers during an interscholastic athletic event: containers with rocks and/or other materials, cow bells, etc.; and others on a need basis.

No derogatory statements, signs, posters, or other displays referring to the opponent are allowed at an AISA event.

Alcoholic beverages, drugs, etc., or people under the influence are **not** allowed at an AISA event.

ALABAMA SPORTS OFFICIALS BILL

Alabama has become the 16th state to toughen the punishment on angry sports fans who attack game officials, coaches, and administrators.

The Alabama House voted, 75-1, in December 2001 to give final approval to Senate Bill 16, sponsored by Senator Roger Smitherman (D-Birmingham). The bill, which had passed the senate earlier by a 31-0 margin, was signed by Gov. Don Siegelman, on December 28, 2001, and becomes law on March 31, 2003.

It creates new crimes of harassing, menacing, and assaulting sports officials, coaches and administrators. The punishments are harsher than normal for convictions for harassment, menacing and assault. For example, a second degree assault can carry a sentence of up to 10 years in prison, but under the new law, a second degree assault of a sports official, coach or administrator could result in a sentence of up to 20 years.

The legislation applies to all levels of athletics from church softball to professional.

ALMA MATER
Sung to the tune of "Exodus"

**When the end has come and time has slipped away,
We leave with golden memories.**

**And when the morning sun lights up they cherished name,
I think of all the days I spent with thee.**

**I hear thy voice; it echoes strong and clear;
It speaks of loyal pledges dear.**

**Though I am far away, I still recall the days
Of hopes and cheers, the special years with you.**

**I see thy smile, it gently beckons me,
And days of happiness I see ---**

**The Eagles' hallowed name brought honor, glory, fame,
Which lives in all for our Academy.**

NOTE: A committee was chosen to compose an Alma Mater for the Academy. Members were Wayne Farris, Jimmy Killebrew, Bryan Crawford, J.J. Boyd, Doug Dortch, Frances Larkin, Pam Hurtt, and Joyce Tate. Their faculty advisors were Mrs. Howard Fuller and Mrs. C. David Larkin. The group collected many old songs and tunes, then finally selected the theme from "Exodus" as the music. The words were compose by the students of the committee.

EAGLE FIGHT SONG

**Oh, there's a school we know; it's Sumter Academy;
It's just the best around.**

**And there's a team we love called Sumter's Eagles;
No better can be found.**

**So when you hear us cheer "Hey! Go, you Eagles!"
You know you'd better run.**

**We're gonna get ya; this much we bet ya;
Eagles are Number One!**
